February 2024

A note from our new President, Dr. James C. Hannon

Hello NAKHE Members:

I hope the start of a new year and the spring semester has been good for everyone. Reflecting upon our time in Phoenix together, it is clear that [NAKHE](#) has never been more relevant and important.

The mission of NAKHE is to foster leadership in kinesiology administration and policy related to teaching, scholarship and service in higher education. The rapid changes around us, whether social, political, technological, scientific, economic or otherwise, require that we lead those who depend upon us through increasingly complex landscapes. I am proud of NAKHE's success over the years providing meaningful engagement and development opportunities for our community of leaders and look forward to continuing this important work over the coming year.

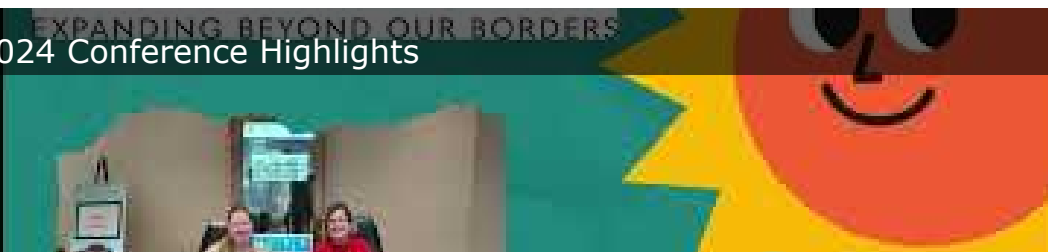

I encourage everyone to take advantage of our upcoming [2024 Leadership Development Workshop](#) and [Department Head Certification Training](#).

Thank you, members, for your continued participation and enthusiasm in our professional community. It is all of you who make NAKHE such a special organization.

NAKHE has provided me with some of the best friendships and collaborations that a professional could ask for. I appreciate that the label Kinesiology in Higher Education keeps the membership
